Chief's Report

June-July 2023

Calls for Service: June 20-July 24

Illegal Burn-1

Fire Alarm- False-1

Vehicle Accident- 1

Medical Aid- 8

Public Assist: 4 (3 rattlesnake calls)

Another Firefighters Pancake Breakfast was held Saturday July 22. There were close to 100 people who attended. Thanks and appreciation to D'Ax, Support Group, Explorers and Board members who contributed, set up and cleaned up afterwards. Thanks also to the Crafter's Group who had an excellent assortment of very nice creations. Proceeds from their sales go to the Station 75 fund. We are grateful for them and our Department members, who continue to give and support our operations.

CERT Training was completed after a six-month process of delivering nine sections of CERT Basic Training curriculum. 30 people attended the class and received certificates. A special thanks to the California Fire Foundation for their generous grant of \$15,000, which was used for a mailing to the Community, equipment for CERT responders and a trailer to transport equipment to emergency incidents, special events and training. Chief Dwyer will be teaching a CPR class at a date in September to be determined. This will complete solid training that Support Group and citizens can use for the benefit of their families and Community.

Staffing Update: Full time Fire Chief and Fire Captain (40 hr). There is an open full time/40 hour per week Firefighter-Engineer position in open recruitment. Supplemental supervision and covering duty shifts are shared by BC Ed Dwyer and Engineer Ryan Howard (anticipating another part time stipend officer being added soon). Five firefighters staff 24 hour shifts 7 days each week. Two community based firefighters are working full time jobs off the Hill and respond when available. Congratulations to Coleman Johns being hired as a firefighter for Cal Fire Camino Station and Austin Eby, hired as a full time ER Tech at Marshall Hospital. We are proud of both men and their commitment to continue to give back to the Community.

Tony Christensen and Trevor Dillender will start EMT academy in September, graduating in December. We are expecting to also send both to Firefighter 1 academy in the Spring.

OES Engine 4312 is undergoing repairs for pump problems. The issue has been identified and the repairs are in the process of being completed. It is expected that the engine will be returned to us when the repairs are completed- time estimate not known.

TSU Tree Service will be doing a major tree removal operation for PG&E in August. A TSU supervisor contacted me regarding temporary use of our parking area for equipment staging. They will complete a use form per CIRA insurance and present an agreement which TSU would compensate the District for their use of the lot, with conditions specified by the District. This would include designating a parking plan that does not obstruct the fuel area, a designated area for people parking for District business and rapid response if we have any issues or need a vehicle(s) moved. I will keep the Board informed of progress and we have more information available.

The bridge is anticipated to re-open August 7th, according to County DOT. There will be no piloting of traffic and no daily delays anticipated. There will be intermittent flagging operations from time to time, as needed. We appreciate the Support Group's efforts to organize reopening the road in the event of evacuation during the weeks that Mosquito Road has been closed.

Fire Season 2023 dangerous burning conditions are upon us, after late Spring delays. As the weather improves, increased caution must be taken with outside burning. **If residents find it necessary to cut weeds/grass/vegetation, do it in the cooler morning hours before noon and never when it is windy.**

Remember to practice evacuation procedures and always be aware of two escape routes. It's easy to get cut off during an actual incident.

Our Fire District staff is fully committed to our Community. We stand ready to assist our residents with any needs they may have, to prepare, support and provide the most up to date information. We are happy to conduct an interior or exterior fire safety inspection upon your request. Please call us at 530-626-9017 or stop by the station.

This concludes my report. I will continue to update our projects and report progress. We appreciate the great support we receive from the Community and its commitment to being prepared. If you have any questions or suggestions, please call me at the fire station (626-9017) or email jrosevear@mfpd.us.

Upcoming Events:

Thursday July 27- Fire Board Meeting- 7pm- Station 75

Thursday August 3- MVFA Board Meeting- 3pm Station 75

Tuesday August 15- SCPOA Monthly Board Meeting- Station 75- 6pm

Thursday August 24- Fire Board Meeting- 7pm Station 75

Respectfully Submitted,

Jack Rosevear, Chief
