Chapter 1 - Fire Service Role and Authority

100.1 PURPOSE AND SCOPE

This policy describes the legal authority of the District and the individual members.

100.2 POLICY

It is the policy of the Mosquito Fire Protection District to limit its members to only exercise the authority granted to them by law.

While the Mosquito Fire Protection District recognizes the authority of members granted to them, members are encouraged to use sound discretion in the exercise of their authority, and this district does not tolerate abuse of authority.

The operation of a public fire protection district is governed by State law, the Fire Protection Law of 1987-Health and Safety Code Sections 13801 through 13999. Most questions that are not covered by this law are governed by other California statutes or the California Administrative Code. Applicable provisions of the Health and Safety Code are hereby made a part of these Policies by the Board of Directors.

100.3 ORGANIZATIONAL POWERS

This district is authorized to perform the following:

- (a) Fire suppression
- (b) Provision of Emergency Medical Services (EMS)
- (c) Investigation of the cause and origin of fires
- (d) Enforcement of the Fire Code.

100.4 FIREFIGHTER POWERS

Firefighters are sworn members of this district and have the following authority:

- (a) Participate in a wide range of emergency and rescue activities, including EMS, extrication and heavy rescue

- (c) Investigate causes of fires

Fire Service Authority

100.5 CONSTITUTIONAL REQUIREMENTS

When exercising their authority, members shall observe and comply with every person's clearly established rights under the United States and California Constitutions.

100.6 SUPERVISORY AUTHORITY

Any chief officer may relieve a member under his/her command from duty when, in his/her judgment, an offense committed is sufficiently serious to warrant immediate action. A report of such action shall be made immediately through the appropriate channels to the appropriate Captain, followed by written documentation of the charges, in accordance with district procedures. All such processes shall comply with established rules, regulations and applicable collective bargaining agreements.

Chief Executive Officer

101.1 PURPOSE AND SCOPE

This policy identifies the education, experience or certifications desired for the Fire Chief.

101.2 POLICY

It is the policy of the Mosquito Fire Protection District to have a highly qualified Chief Executive Officer.

101.3 CHIEF EXECUTIVE OFFICER

Higher-level college degrees in public or business management, completion of the National Fire Academy Executive Fire Officer (EFO) and the Center for Public Safety Excellence Chief Fire Officer (CFO) programs as well as experience in chief officer positions enhance the professional credibility of candidates for the rank of Fire Chief.

101.4 CERTIFIED FIRE CHIEF

The Peer Assessment for Chief Executive (PACE IV) certification established by the OSFM is a desired qualification. Certified Fire Chief status may be achieved through the California Office of the State Fire Marshal (OSFM) by acquiring a PACE IV certification, holding a chief officer rank for a minimum of one year and completing the application process described in the training manual. The certification requirements are described in the State Fire Training Procedures Manual.

Oath of Office

102.1 PURPOSE AND SCOPE

This policy establishes the oath of office for all Board of Directors and sworn personnel of this district.

102.2 OATH OF OFFICE

Upon employment, all sworn personnel shall be required to affirm the oath of office expressing commitment to support and defend the Constitution of the United States and the Constitution of the State of California (CA. Const. art. XX, § 3 and Government Code § 3102). The oath shall be as follows:

I, [employee name], do solemnly swear (or affirm) that I will support and defend the Constitution of the United States and the Constitution of the State of California against all enemies, foreign and domestic; that I will bear true faith and allegiance to the Constitution of the United States and the Constitution of the State of California; that I take this obligation freely, without any mental reservation or purpose of evasion; and that I will well and faithfully discharge the duties upon which I am about to enter.

Policy Manual

103.1 PURPOSE AND SCOPE

The Policy Manual of the Mosquito Fire Protection District is hereby established and shall be referred to as the "Policy Manual." The Policy Manual is a statement of the current policies, rules, and guidelines of this district. All district members are expected to conform to the provisions of this Policy Manual. All prior and existing policies, manuals, orders, and regulations that are in conflict with this Policy Manual are revoked, except to the extent that portions of the existing policies, manuals, orders, and other regulations that have not been included herein shall remain in effect where they do not conflict with the provisions of this Policy Manual.

103.2 POLICY

Except where otherwise expressly stated, the provisions of this Policy Manual shall be considered guidelines. It is recognized that fire and rescue work is not always predictable, and circumstances may arise that warrant departure from these guidelines.

It is intended that the provisions of this manual be viewed using an objective standard, taking into consideration the sound discretion entrusted to the members of this district under the circumstances reasonably available at the time of any incident.

103.2.1 DISCLAIMER

The provisions contained in the Policy Manual are not intended to create an employment contract, nor any employment rights or entitlements. The policies contained within this manual are for the internal use of the Mosquito Fire Protection District and shall not be construed to create a higher standard or duty of care for civil or criminal liability against the District, its officials, or members. Violations of any provision of any policy contained within this manual shall only form the basis for administrative action, training, or discipline. The Mosquito Fire Protection District reserves the right to revise any policy content, in whole or in part.

103.2.2 SEVERABILITY

In the event that any term or provision of this Policy Manual is declared illegal, invalid, or unenforceable by any court or any federal or state government agency, the remaining terms and provisions that are not affected shall remain in full force and effect. If any provision of the Policy Manual is found to be in conflict with a local, state, or federal law, District policy, or collective bargaining agreement, such law, District policy, or collective bargaining agreement shall take precedence over that provision of the Policy Manual.

In the event that any of the terms or provisions of the Policy Manual are determined to conflict with any portion of a collective bargaining agreement, the District will seek to resolve the conflict.

103.3 RESPONSIBILITIES

612.5 APPENDIX D ADVISORY

Basic advisory information on respirators shall be provided by the District in any written or oral format to any member who chooses to wear a respirator, even if the use of the respirator is not mandated by the district or law (8 CCR 5144(k)(6)). The appendix D advisory content is shown below:

612.5.1 8 CCR 5144 APPENDIX D CONTENT

Respirators are an effective method of protection against designated hazards when properly selected and worn. Respirator use is encouraged even when exposures are below the exposure limit in order to provide an additional level of comfort and protection. However, if a respirator is used improperly or not kept clean, the respirator itself can become a hazard to the worker.

Members may wear respirators to avoid exposures to hazards, even if the amount of hazardous substance does not exceed the limits set by Cal/OSHA. If the District provides respirators for voluntary use or if a privately owned respirator is available, certain precautions should be taken to ensure that the respirator itself does not present a hazard.

Members should:

Policy Manual

Policy Manual

Respiratory Protection Training

- Read and heed all instructions provided by the manufacturer on use, maintenance, cleaning and care, and warnings regarding the respirator's limitations.
- Choose respirators certified for use to protect against the contaminant of concern. The National Institute for Occupational Safety and Health (NIOSH) certifies respirators. A label or statement of certification should appear on the respirator or respirator packaging. The certification will define what the respirator is designed for and the protection level to be expected.
- Not wear a respirator into areas containing contaminants for which the respirator is not designated to protect against. For example, a respirator designed to filter dust particles will not protect against gases, vapors or very small solid particles of fumes or smoke.
- Keep track of the respirator so it is not mistakenly shared.

Training Records

614.1 PURPOSE AND SCOPE

The purpose of this policy is to establish procedures for accumulating and maintaining records of all training provided by the District and all training received by individual district members. This policy shall apply to all training received but particularly training that is mandated by an external force such as a law, statute or regulation.

614.2 POLICY

It is the policy of the Mosquito Fire Protection District to maintain comprehensive records of all training provided by the District, and all training received by district members. The Training Officer or the authorized designee shall be responsible for creating and maintaining training records. All members of the District are responsible for assisting the Training Officer in documenting training activities by signing course rosters, submitting certificates of completion from outside training or providing other means of training documentation.

Training records may be documented utilizing either hard copies stored in a traditional filing system or via electronic files. All electronic training records will be redundantly stored using district-approved secure electronic file storage systems.

614.3 MASTER TRAINING CALENDAR

The Training Officer will create and maintain an annual master training calendar for the District. This calendar will document all district-provided, regularly scheduled training opportunities. The master training calendar should be a living document, reflecting any changes made in the actual training schedule or actual training opportunities provided throughout the year. The training opportunities in the master training calendar should include, but are not limited to:

- (a) All federal or state mandated training. Examples include courses that address sexual harassment prevention, heat illness prevention, medical records privacy, personal protective equipment, bloodborne pathogens, CPR and hearing protection.
- (b) All federal or state mandated training drills, manipulative drills, skills or equipment testing, including annual audiograms and fit testing for Occupational Safety and Health Administration/National Institute for Occupational Safety and Health (OSHA/NIOSH)-approved masks and respirators.
- (c) All California Incident Command Certification System (CICCS) training provided by the District.
- (d) Specific training and certification for "all-hazards" positions, based on the Incident Command System (ICS), the National Incident Management System (NIMS) or Standardized Emergency Management System (SEMS) courses.
- (e) All NIMS, ICS, SEMS and NIMS-compliant incident management system courses.
- (f) All Emergency Medical Services (EMS) pre-hospital care, continuing education courses or programs provided by the District.

Copies of each year's master training calendar will be maintained and retained in the Training Division files based on district-established records retention schedules.

614.4 DISTRICT TRAINING RECORDS

The Training Officer shall be responsible for maintaining records of all training provided by the District. The information in each record shall include, but is not limited to:

- (a) The course title.
- (b) An outline of the subject matter and specific details of any information mandated by federal or state code, OSHA regulation or other requirement.

- (e) Copies of course curriculum, course duration, information sheets or other course content provided to students.
- (f) Copies of course evaluations submitted by students.
- (g) Attendance records for each course session, including each member's name or other identifier.

614.5 INDIVIDUAL TRAINING RECORDS

The Training Division will create and maintain an individual training file for each member of the District. The training files will be kept separate from the district's personnel files. The member training files should be used to document a member's training courses and training-related programs and activities.

The training files shall not be used to store any work-performance records, member conduct records, member disciplinary records or any other documentation that is not specifically training-related. Information entered into the member training files will be a permanent part of that record. No training information or entries will be removed from the file unless the record is found to be factually incorrect or erroneously entered into that member's training file. Each member's training file will be part of that member's permanent record of activity while employed by the District.

When a member ends employment with the District, that member's training file will be archived and maintained in accordance with the district's established records retention schedule.

Members of the District shall be provided access to their individual training file upon request. A member may request to review his/her training file either verbally or in writing. The Training Officer should facilitate those requests as soon as practicable but in all cases within 21 days of

Mosquito Fire Protection District

the member's request to review his/her file. Members may not add or remove any document or information from the training file without the express approval of the Training Officer. Training Division members shall be allowed to photocopy or otherwise reproduce images of any entries in their individual training file.

Member training files should be organized to readily allow for the retrieval of specific training subject documentation, particularly in regard to documentation of any mandated training subject compliance.

Member training files should contain documentation of all work- or job-related licensing and certification that the member earns, achieves or is awarded. Information regarding member progress toward or application for licensing and certification should also be stored in the member training files. Examples include CICCIS coursework, CICCIS position task books and certification, NIMS certifications, SEMS certifications, California State Fire Marshal certifications, California Office of Emergency Services certifications (OES) and State of California pre-hospital care provider continuing education coursework, licensing and certification records (paramedic and Emergency Medical Technician).

614.6 TRAINING RECORDS FROM PREVIOUS EMPLOYERS

The Training Officer may request that new members obtain and submit copies of any previous employer training files for inclusion in their Mosquito Fire Protection District training file. All members of the District may submit training records from previous employers to the Training Officer for inclusion in their individual training file. The Training Officer will evaluate any submitted training records obtained during previous employment and will add any pertinent information to the member's training file as appropriate.

614.7 RELEASE OF FORMER MEMBER TRAINING RECORDS

Upon written request, the individual training file of any former Mosquito Fire Protection District member may be copied and released to either the former member or to a third-party upon receipt of a signed written request from a former member of the District. The written request should include the past member's full name, approximate dates of employment with the District and date of separation from employment with the District. In the event that the former member is requesting that copies of his/her file be sent directly to a third party, the written request should include a statement authorizing the Mosquito Fire Protection District to release copies to the named third party.

Chapter 7 - Equipment and Technology

Use of District-Owned and Personal Property

700.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines for the care and maintenance of district property entrusted to district members and the return of district property at the end of employment or affiliation with the District. This policy also provides guidelines for members to claim damage to or loss of personal property used in an occupational capacity.

700.2 POLICY

It is the policy of the Mosquito Fire Protection District to issue equipment to members for the purpose of performing their assigned duties. Members shall be responsible for the safekeeping, serviceable condition, proper care, use and request for replacement of all district property issued or entrusted to their care. A member's intentional or negligent abuse or misuse of district property may lead to discipline, including, but not limited to, the cost of repair or replacement of the property, and up to and including termination.

700.3 PROCEDURE

The following procedures shall be in effect regarding district property issued to members:

- (a) Members shall promptly report via the chain of command any loss, damage or unserviceable condition of district-issued property or equipment assigned for member use.
- (b) The use of damaged or unserviceable district property should be discontinued as soon as practicable and a supervisor notified so that the item may be replaced.
- (c) No member should attempt to repair damaged or unserviceable district property without supervisory approval.
- (d) Use of district property should be limited to official purposes in the capacity for which it was designed. Except when otherwise directed and/or required by circumstances, district property shall only be used by the member to whom it was assigned.

700.4 FILING CLAIMS FOR PERSONAL PROPERTY

Members are responsible for exercising reasonable care and caution to avoid damage to or loss of personal property while on-duty. However, consistent with district rules, personal property that is lost or damaged during the proper performance of a member's job duties may be replaced or the cost reimbursed by the District when such loss or damage is not the result of intentional or negligent abuse or misuse by the member.

Any claim for the replacement or cost reimbursement for damage to or loss of a member's personal property must be submitted on the proper claim form to the member's immediate supervisor.

The supervisor is responsible for reviewing the claim to assess whether the lost or damaged property was reasonably required for the proper performance of the member's job duties. The supervisor will make a determination as to whether reasonable care was taken to prevent loss or damage and whether proper procedures were followed just prior to the occurrence of the loss or damage. A supervisor may direct a member to submit additional details in a separate written report, if needed.

If approved, the supervisor will forward the claim and related reports to the Fire Chief, who will determine the appropriate reimbursement value of the property and will forward the claim for payment to the proper entity.

700.4.1 COVERED PERSONAL PROPERTY

Property that is necessary in the performance of the member's job duties shall be considered a covered item. The age and condition of the damaged or lost property shall be considered when determining replacement or reimbursement value.

700.4.2 EXCLUDED PERSONAL PROPERTY ITEMS

Members are discouraged from wearing expensive jewelry or watches or bringing personal property items to the workplace that may be damaged, lost or stolen. Personal property that is not eligible for replacement or reimbursement includes:

- (a) Any personal property that is lost or damaged directly or indirectly due to negligence of the member.
- (b) Personal computers, communication devices, cell phones, game consoles or any other electronic devices that the member voluntarily brings to the workplace and that are not required by the District for the performance of the member's duties.

- (d) Any jewelry, with the exception of watches, which shall not exceed a \$100 reimbursement.

700.4.3 PERSONAL VEHICLES

The District will not provide vehicle insurance coverage for members who use their personal vehicles for district business. All members must rely on their personal vehicle insurance carrier for replacement or cost reimbursement of damage to or loss of a personal vehicle. Members using a

Any member who damages or causes to be damaged any real or personal property of another while performing any district function, regardless of jurisdiction, shall report it as provided below:

- (a) A verbal report shall be made to the member's immediate supervisor as soon as practicable.
- (b) A written report shall be submitted before the member goes off-duty or within the time frame directed by the supervisor to whom the verbal report was made.

700.4.5 DAMAGE BY PERSON OF ANOTHER AGENCY

If members of another jurisdiction cause damage to real or personal property belonging to the District, it shall be the responsibility of the member present or the member responsible for the property to make a verbal report to his/her immediate supervisor as soon as practicable. The member shall submit a written report before going off-duty or as otherwise directed by the supervisor.

All reports should be completed immediately after the incident or as soon as practicable if extenuating circumstances delay the member's ability to complete the report.

All reports, including the supervisor's written report, shall promptly be forwarded to the Fire Chief.

803.5 PROCEDURE

Records containing PHI or PPI, including Pre-Hospital Care Reports (PCRs), shall be kept out of view unless the report is being completed during an incident, during transfer of care, during input of information into the National Fire Incident Reporting System (NFIRS), or during processing or review at Mosquito Fire Protection District facilities by authorized personnel (45 CFR 164.530(c)).

Remote access to district computer workstations requires that appropriate security measures be provided for access to PHI (45 CFR 164.312).

PHI may be transmitted electronically, provided the transmission occurs through a secure process that allows end-to-end authentication and the recipient is authorized to receive the information. Electronic transmission consists of email, file transfer protocol, internet web posting, and any configurable data stream. End-to-end authentication is accomplished when the electronic referral does not leave a secure network environment and the recipient is known, or when encryption and authentication measures are used between sender and recipient, thus verifying full receipt by the recipient. Any electronic PHI traveling outside a secure network environment, via the internet, requires encryption and authentication measures (45 CFR 164.312(e)).

Record Retention

804.1 PURPOSE

The purpose of this policy is to provide guidelines, consistent with legal requirements, for the retention and disposition of records, papers and documents in the possession of the Mosquito Fire Protection District.

804.2 POLICY

This policy applies to "original" records, papers and documents. Non-original items (copies) may be disposed of when they are of no further value to the district. Chapter 9 - Safety

Cal/OSHA Inspections

901.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines and responsibilities for Mosquito Fire Protection District members to follow in the event that a California Division of Occupational Safety and Health (Cal/OSHA) inspector requests access to district property or work operations (Labor Code § 6314).

This policy does not address those inspections requested by the Mosquito Fire Protection District as part of a consultation service by Cal/OSHA.

901.2 POLICY

It is the policy of the Mosquito Fire Protection District for the Fire Chief or the authorized designee to designate one or more district representatives who will be responsible for facilitating a Cal/OSHA inspection. An adequate number of representatives shall be designated to accommodate the needs of the Cal/OSHA inspector without excessive delays. Designated representatives shall make every reasonable effort to promptly meet with the Cal/OSHA inspector once he/she has arrived (Labor Code § 6314(d)).

District members should work cooperatively with any Cal/OSHA inspector to provide access to all necessary areas, equipment and records to facilitate a cohesive inspection process. Failure on the part of the District to begin the inspection in a timely manner could result in the Cal/OSHA inspector obtaining an inspection warrant to enter district property. This could unnecessarily create an adversarial relationship and should be avoided if at all possible.

901.3 PROCEDURE

Cal/OSHA inspections may be unannounced (Labor Code § 6321). Typically inspections occur when there has been a serious accident, serious injury, occupational fatality, when a member has charged that a serious safety violation exists or at a worksite where an imminent danger has been identified.

Upon entering the district worksite, the inspector will present his/her identification and will ask to meet with the district representative. There will usually be an initial meeting during which the inspector will:

- Explain the nature and scope of the inspection.
- Request that a member/representative accompany the inspector.
- Ask to review appropriate safety records, plans and documentation.

Cal/OSHA inspectors are, by law, permitted to interview members in private, take photographs, conduct tests and collect environmental samples. District representatives should make reasonable accommodations to provide inspectors access to available members and materials required to complete the inspection. Any statements made to inspectors are admissible in judicial hearings. Questions of a sensitive nature or to which the member is unsure of how to respond may be

referred to the person at the District who is the subject matter expert on the topic (Labor Code § 6314(a)).

At the conclusion of the inspection, the Cal/OSHA inspector will hold a closing meeting with the district representative to discuss any alleged safety standard violations and any requirements for abatement.

Any time there is a Cal/OSHA inspection, violation and/or citation, the Fire Chief shall ensure that notifications are made to the district's Safety and Health Officer, risk manager and legal counsel, and that the District conducts an appropriate internal investigation and adequately addresses all Cal/OSHA findings.

Chapter 10 - Personnel

Discriminatory Harassment

1012.1 PURPOSE AND SCOPE

The purpose of this policy is to prevent district members from being subjected to discriminatory harassment, including sexual harassment and retaliation (Government Code § 12940(k); 2 CCR 11023). Nothing in this policy is intended to create a legal or employment right or duty that is not created by law.

1012.2 POLICY

The Mosquito Fire Protection District is an equal opportunity employer and is committed to creating and maintaining a work environment that is free of all forms of discriminatory harassment, including sexual harassment and retaliation. The District will not tolerate discrimination against a member in hiring, promotion, discharge, compensation, fringe benefits, and other privileges of employment. The District will take preventive and corrective action to address any behavior that violates this policy or the rights and privileges it is designed to protect.

The nondiscrimination policies of the District may be more comprehensive than state or federal law. Conduct that violates this policy may not violate state or federal law but still could subject a member to discipline.

1012.3 DEFINITIONS

Definitions related to this policy include:

1012.3.1 DISCRIMINATION

The District prohibits all forms of discrimination, including any employment-related action by a member that adversely affects an applicant or member and is based on actual or perceived race, ethnicity, national origin, religion, sex, sexual orientation, gender identity or expression, age, disability, pregnancy, genetic information, veteran status, marital status, and any other classification or status protected by law.

Discriminatory harassment, including sexual harassment, is verbal or physical conduct that demeans or shows hostility or aversion toward an individual based upon that individual's protected class. It has the effect of interfering with an individual's work performance or creating a hostile or abusive work environment.

Conduct that may, under certain circumstances, constitute discriminatory harassment can include making derogatory comments; making crude and offensive statements or remarks; making slurs or off-color jokes; stereotyping; engaging in threatening acts; making indecent gestures, pictures, cartoons, posters, or material; making inappropriate physical contact; or using written material or district equipment and/or systems to transmit or receive offensive material, statements, or pictures. Such conduct is contrary to district policy and to a work environment that is free of discrimination.

Policy Manual

Policy Manual

Discriminatory Harassment

1012.3.2 RETALIATION

Retaliation is treating a person differently or engaging in acts of reprisal or intimidation against the person because the person has engaged in protected activity, filed a charge of discrimination, participated in an investigation, or opposed a discriminatory practice. Retaliation will not be tolerated.

1012.3.3 SEXUAL HARASSMENT

The District prohibits all forms of discrimination and discriminatory harassment, including sexual harassment. It is unlawful to harass an applicant or a member because of that person's sex.

Sexual harassment includes but is not limited to unwelcome sexual advances, requests for sexual favors, or other verbal, visual, or physical conduct of a sexual nature when:

- (a) Submission to such conduct is made either explicitly or implicitly as a term or condition of employment, position, or compensation.
- (b) Submission to, or rejection of, such conduct is used as the basis for any employment decisions affecting the member.
- (c) Such conduct has the purpose or effect of substantially interfering with a member's work performance or creating an intimidating, hostile, or offensive work environment.

1012.3.4 ADDITIONAL CONSIDERATIONS

Discrimination and discriminatory harassment do not include actions that are in accordance with established rules, principles, or standards, including:

- (a) Acts or omission of acts based solely upon bona fide occupational qualifications under the Equal Employment Opportunity Commission and the California Civil Rights Department guidelines.
- (b) Bona fide requests or demands by a supervisor that the member improve the member's work quality or output, that the member report to the job site on time, that the member comply with District or district rules or regulations, or any other appropriate work-related communication between supervisor and member.

1012.4 RESPONSIBILITIES

This policy applies to all district members who shall follow the intent of these guidelines in a manner that reflects district policy, professional standards, and the best interest of the Mosquito Fire Protection District and its mission.

Members are encouraged to promptly report any discriminatory, retaliatory, or harassing conduct or known violations of this policy to a supervisor. Any member who is not comfortable with reporting violations of this policy to the member's immediate supervisor may bypass the chain of command and make the report to a higher-ranking supervisor or manager. Complaints may also be filed with the Fire Chief, the Fire Chief, or the Board of Directors.

Any member who believes, in good faith, that the member has been discriminated against, harassed, or subjected to retaliation, or who has observed harassment, discrimination, or

Policy Manual

Policy Manual

retaliation, is encouraged to promptly report such conduct in accordance with the procedures set forth in this policy.

Supervisors and managers receiving information regarding alleged violations of this policy shall determine if there is any basis for the allegation and shall proceed with a resolution as stated below.

1012.4.1 QUESTIONS OR CLARIFICATION

Members with questions regarding what constitutes discrimination, sexual harassment, or retaliation are encouraged to contact a supervisor, a manager, the Fire Chief, the Fire Chief, the Board of Directors, or the California Civil Rights Department for further information, direction, or clarification (Government Code § 12950).

1012.4.2 SUPERVISOR RESPONSIBILITIES

The responsibilities of supervisors and managers shall include but are not limited to:

- (a) Continually monitoring the work environment and striving to ensure that it is free from all types of unlawful discrimination, including harassment or retaliation.
- (b) Taking prompt, appropriate action within their work units to avoid and minimize the incidence of any form of discrimination, harassment, or retaliation.
- (c) Ensuring that their subordinates understand their responsibilities under this policy.
- (d) Ensuring that members who make complaints or who oppose any unlawful employment practices are protected from retaliation and that such matters are kept confidential to the extent possible.
- (e) Making a timely determination regarding the substance of any allegation based upon all available facts.
- (f) Notifying the Fire Chief and the Board President in writing of the circumstances surrounding any reported allegations or observed acts of discrimination, harassment, or retaliation no later than the next business day.

1012.4.3 SUPERVISOR'S ROLE

Supervisors and managers shall be aware of the following:

- (a) Behavior of supervisors and managers should represent the values of the District and professional standards.
- (b) False or mistaken accusations of discrimination, harassment, or retaliation can have negative effects on the careers of innocent members.

Nothing in this section shall be construed to prevent supervisors or managers from discharging supervisory or management responsibilities, such as determining duty assignments, evaluating or counseling members, or issuing discipline, in a manner that is consistent with established procedures.

1012.5 INVESTIGATION OF COMPLAINTS

Various methods of resolution exist. During the pendency of any such investigation, the supervisor of the involved member should take prompt and reasonable steps to mitigate or eliminate any continuing abusive or hostile work environment. It is the policy of the Mosquito Fire Protection District that all complaints of discrimination, retaliation, or harassment shall be fully documented, and promptly and thoroughly investigated.

1012.5.1 SUPERVISOR RESOLUTION

Members who believe they are experiencing discrimination, harassment, or retaliation should be encouraged to inform the individual that the behavior is unwelcome, offensive, unprofessional, or inappropriate. However, if the member feels uncomfortable or threatened or has difficulty expressing the member's concern, or if this does not resolve the concern, assistance should be sought from a supervisor or manager who is a rank higher than the alleged transgressor.

1012.5.2 FORMAL INVESTIGATION

If the complaint cannot be satisfactorily resolved through the supervisory resolution process, a formal investigation will be conducted.

The person assigned to investigate the complaint will have full authority to investigate all aspects of the complaint. Investigative authority includes access to records and the cooperation of any members involved. No influence will be used to suppress any complaint and no member will be subject to retaliation or reprisal for filing a complaint, encouraging others to file a complaint, or for offering testimony or evidence in an investigation.

Formal investigation of the complaint will be confidential to the extent possible and will include but is not limited to details of the specific incident, frequency and dates of occurrences, and names of any witnesses. Witnesses will be advised regarding the prohibition against retaliation, and that a disciplinary process, up to and including termination, may result if retaliation occurs.

Members who believe they have been discriminated against, harassed, or retaliated against because of their protected status are encouraged to follow the chain of command but may also file a complaint directly with the Fire Chief, the Fire Chief, or the Board of Directors.

1012.5.3 ALTERNATIVE COMPLAINT PROCESS

No provision of this policy shall be construed to prevent any member from seeking legal redress outside the District. Members who believe that they have been harassed, discriminated against, or retaliated against are entitled to bring complaints of employment discrimination to federal, state, and/or local agencies responsible for investigating such allegations. Specific time limitations apply to the filing of such charges. Members are advised that proceeding with complaints under the provisions of this policy does not in any way affect those filing requirements.

1012.6 DOCUMENTATION OF COMPLAINTS

All complaints or allegations shall be thoroughly documented on the appropriate forms and in a manner designated by the Fire Chief. The outcome of all reports shall be:

Policy Manual

Policy Manual

Discriminatory Harassment

- (a) Approved by the Fire Chief, the Board of Directors, or the Fire Chief, depending on the ranks of the involved parties.
- (b) Maintained in accordance with the established records retention schedule.

1012.6.1 NOTIFICATION OF DISPOSITION

The complainant and/or victim will be notified in writing of the disposition of the investigation and the actions taken to remedy or address the circumstances giving rise to the complaint.

1012.7 TRAINING

All new members shall be provided with a copy of this policy as part of their orientation. The policy shall be reviewed with each new member. The member shall certify by signing the prescribed form that the member has been advised of this policy, is aware of and understands its contents, and agrees to abide by its provisions during the member's term with the District.

All members shall receive annual training on the requirements of this policy and shall certify by signing the prescribed form that they have reviewed the policy, understand its contents, and agree that they will continue to abide by its provisions.

1012.7.1 STATE-REQUIRED TRAINING

The Training Officer should ensure that employees receive the required state training and education regarding sexual harassment, prevention of abusive conduct, and harassment based on gender identity, gender expression, and sexual orientation as follows (Government Code § 12950.1; 2 CCR 11024):

- (a) Supervisory employees shall receive two hours of classroom or other effective interactive training and education within six months of assuming a supervisory position.
- (b) All other employees shall receive one hour of classroom or other effective interactive training and education within six months of their employment or sooner for seasonal or temporary employees as described in Government Code § 12950.1.
- (c) All employees shall receive refresher training every two years thereafter.

If the required training is to be provided by the Civil Rights Department online training courses, the Training Officer should ensure that employees are provided the website address for the training course: <https://calcivilrights.ca.gov> (Government Code § 12950; 2 CCR 11023).

1012.7.2 TRAINING RECORDS

The Training Officer shall be responsible for maintaining records of all discriminatory harassment training provided to members. Records shall be retained in accordance with established records retention schedules and for a minimum of two years (2 CCR 11024).

1012.8 REQUIRED POSTERS

The District shall display the required poster regarding discrimination, harassment, and transgender rights in a prominent and accessible location for members (Government Code § 12950).

Conduct and Behavior

1013.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines to prevent activities or behaviors that may lead to disciplinary actions or dismissal.

1013.2 POLICY

It is the policy of this district that its members strive to attain the highest professional standard of conduct and discharge their duties in a courteous and professional manner.

1013.3 PROFESSIONAL CONDUCT

All members should be governed by the ordinary and reasonable rules of behavior observed by law-abiding citizens, and should conduct themselves at all times in such manner as to reflect favorably on the District. Conduct unbecoming a member shall include that which discredits the District or the person as a member of the District or which impairs the operation or efficiency of the District or its members.

All members should conduct themselves in a manner that will not impair the good order and discipline of the District. Members should not, while on-duty, be insubordinate, indulge in offensive, obscene or uncivil language, verbal or physical altercations or threats thereof or conduct which might cause injury to another person.

Additionally, all members will familiarize and conduct themselves according to the National Society of Executive Fire Officers' **Firefighter Code of Ethics**, both on and off duty.

[See attachment: Firefighter Code of Ethics.pdf](#)

1013.4 INTERACTION WITH THE PUBLIC

In the performance of their duties, members should be courteous to the public and tactful. They should control their tempers, exercise reasonable patience and discretion, and should not engage in any argumentative discussions even when provoked.

In the performance of their duties, members should not use coarse, violent, profane, or insolent language or gestures, and should not express prejudice or discrimination (Government Code § 12940 et seq.).

1013.5 COURTESY TO MEMBERS

Members should be courteous and respectful in their relations with all members of the District. Members shall not use coarse, violent, profane, or insolent language or gestures, and shall not express prejudice or discrimination (Government Code § 12940 et seq.).

1013.6 DISCRIMINATION, OPPRESSION, OR FAVORITISM

Unless required by law or policy, discriminating against, oppressing, or providing favoritism to any person because of actual or perceived characteristics such as race, ethnicity, national origin, religion, sex, sexual orientation, gender identity or expression, age, disability, economic status,

Members shall obey all laws of the United States and of any state and local jurisdiction in which the member is present.

1013.8 DEROGATORY OR MALICIOUS STATEMENTS

Members should not be a party to any malicious gossip, report or activity which would tend to disrupt district morale or bring discredit to the District or any member thereof. If it may reasonably be inferred that the person, business, or organization seeks to influence the actions of an official or seeks to affect the performance of an official while on-duty, the incident should be immediately reported to the next level supervisor. This rule does not take the place of any relevant requirements applicable to individuals under Government Code § 1090 et seq. or the State Political Reform Act, Government Code § 87100 et seq.

1013.14 ABUSE OF POSITION

Grievance Procedure

1020.1 PURPOSE AND SCOPE

This policy establishes processes for resolving disputes or concerns regarding conditions of employment or violations of District policy, procedures, rules or regulations.

This policy does not apply to complaints related to alleged acts of discrimination or harassment or complaints of discrimination on the basis of other protected categories subject to the Discriminatory Harassment Policy. This policy also does not apply to complaints consisting of any alleged misconduct or improper job performance by any member that, if true, would constitute a violation of federal, state or local law.

This grievance procedure shall not apply to any member for any discipline action or prohibit adverse administrative action taken for legitimate non-discriminatory or non-retaliatory reasons, including for-cause discipline.

The procedures set forth herein are intended to supplement and not limit a member's access to other applicable remedies. Nothing in this policy shall diminish the rights or remedies of a member pursuant to any applicable federal law, provision of the U.S. Constitution, state law, local ordinance or collective bargaining agreement.

1020.1.1 GRIEVANCE DEFINED

A grievance is any difference of opinion concerning terms or conditions of employment or the dispute involving the interpretation or application of District policy, procedures, rules or regulations.

Grievances may be brought by an individual member.

1020.2 POLICY

It is the policy of this district that all grievances be handled quickly and fairly without retaliation against a member who files a grievance, whether or not there is a basis for the grievance. It is the philosophy of this district to promote free verbal communication between members and supervisors.

1020.3 RETALIATION PROHIBITED

No member may retaliate against any person for reporting or making a complaint under this policy or participating in any investigation pursuant to this policy or any other policy in this policy manual.

Members found to be in violation of this policy are subject to discipline. Supervisors who condone or ignore violations of this policy or otherwise fail to take appropriate action to enforce this policy are also subject to discipline.

1020.4 PROCEDURE

Grievances, as defined above, should be resolved using the following procedure.

Mosquito Fire Protection District

Policy Manual

Policy Manual

Grievance Procedure

1020.4.1 COMMUNICATING GRIEVANCES

Members are encouraged to communicate with command personnel regarding any workplace problem or issue they feel needs immediate attention. Generally, any concern about a workplace situation should be first raised with the member's immediate supervisor unless that supervisor is part of the member's concern. It is recognized, however, that there may be occasions where the use of the normal chain of command may not be appropriate.

Any member who feels threatened in any manner or is otherwise concerned about reporting to his/her immediate supervisor may report this information directly to the Fire Chief or Administration without first reporting the information to their immediate supervisor or following the chain of command.

This alternate process shall not be used to circumvent or avoid addressing issues through the normal chain of command.

1020.4.2 GRIEVANCE RECEIPT

Upon receipt of a written grievance, the receiving supervisor will promptly document the grievance, initiate the investigative process and ensure that the appropriate supervisors and the Fire Chief are notified.

The supervisor receiving the grievance shall explain to the grieving member how the matter will be handled.

1020.4.3 RESOLVING GRIEVANCES

- (a) Supervisors receiving grievances should attempt to resolve the issue through informal discussion with the member.
- (b) If after a reasonable amount of time, generally seven days, the grievance cannot be settled by the immediate supervisor, the member may request a meeting with the Captain or immediate next level of supervision.
- (c) If a successful resolution is not found with the Captain, the member may request a meeting with the Fire Chief.
- (d) If the member and the Fire Chief are unable to arrive at a mutual solution, then the member shall proceed as follows:
 1. Deliver one copy of the grievance to the Fire Chief and another copy to the immediate supervisor and include the following information:
 - (a) The basis for the grievance, including what District policy, procedure, rules or regulations have allegedly been violated.
 - (b) What remedy or goal is being sought by this grievance
- (e) The Fire Chief or designee will review and analyze the facts or allegations and respond to the member within 14 calendar days. The response shall identify any corrective measures or other remedies as appropriate.

Mosquito Fire Protection District

Policy Manual

Policy Manual

Grievance Procedure

1020.4.4 APPEALING GRIEVANCES

Within 7 calendar days of service of the written response from the Fire Chief or designee, the member may submit a written appeal to the Fire Chief stating why the member disagrees with the Fire Chief's response, including:

- (a) any reason why the member believes the Fire Chief has misapplied District policy, procedures, rules or regulations;
- (b) any reason why the member disagrees with the Fire Chief's factual conclusions;
- (c) any reason why the member believes that any corrective measures or other remedies are inappropriate or insufficient

The member's written statement of the grievance, the Fire Chief's written response, and the member's written appeal shall be presented to the Board of Directors.

The Board of Directors shall consider the member's appeal at an upcoming regular meeting of the Board, and in no event later than the second regular meeting after the member files his or her appeal with the Fire Chief unless the member agrees to an extension of time. The Board of Directors may, at its discretion, invite the member to address the Board. Once the Board has considered the member's appeal, the Board or designee will notify the member in writing of the Board's decision on the member's appeal within 14 calendar days. The Board of Director's decision is final and binding on all parties.

1020.5 RESPONSIBILITIES

1020.5.1 MEMBER RESPONSIBILITIES

1040.4.2 BIRTH OR PLACEMENT OF A CHILD

Eligible employees may take up to 12 weeks of leave for the birth, adoption, or foster care placement of a child of the employee (29 USC § 2612; 29 CFR 825.200; Government Code § 12945.2). - Caring for a military employee's parent who is incapable of self-care, such as providing care on an immediate need basis or arranging for alternative care.

1040.4.4 MILITARY CAREGIVER LEAVE

Eligible employees may take up to 26 weeks of leave in a single 12-month period to care for a spouse, son, daughter, parent, or next of kin who has incurred an injury or illness in the line of duty while on active duty in the Armed Forces, provided that such injury or illness may render the family member medically unfit to perform work (29 USC § 2612; 29 CFR 825.200).

Military caregiver leave is also available to family members of covered veterans who were members of the Armed Forces, including the National Guard or Reserves, at any point in the five years preceding the date on which the covered veteran undergoes medical treatment, recuperation, or therapy (29 USC § 2612; 29 CFR 825.127).

During the single 12-month period, employees are entitled to no more than a combined total of 26 weeks of FMLA leave. In any case in which both spouses are employed by the Mosquito Fire Protection District, the combined number of work weeks of leave is limited to 26 during any 12-month period (29 USC § 2612(f); 29 CFR 825.127).

Service member FMLA leave runs concurrent with other leave entitlements provided under federal, state, and local law. Where FMLA leave qualifies as both military caregiver leave and care for a family member with a serious health condition, the leave will be designated as military caregiver leave first.

1040.4.5 FAMILY MILITARY LEAVE

An employee who is a spouse or registered domestic partner of a member of the military who is deployed to designated combat zones is entitled to take up to 10 days unpaid leave (Military and Veterans Code § 395.10).

1040.4.6 INTERMITTENT LEAVE

An employee may take leave for the employee's own serious health condition, for the serious health condition of the employee's spouse, child, or parent, or to care for a covered service member with a serious injury or illness, intermittently or on a reduced schedule if medically necessary, and if that medical need can best be accommodated by an intermittent schedule as defined in federal law (29 USC § 2612(b); 29 CFR 825.202; 29 CFR 825.124).

Leave due to a military exigency may be taken on an intermittent or reduced-leave schedule (29 CFR 825.202).

Intermittent leave for the birth, adoption, or foster care placement of a child is only available if granted at the discretion of the Fire Chief, unless the employee has a serious health condition in connection with the birth or if the newborn child has a serious health condition (29 CFR 825.120; 29 CFR 825.121).

Mosquito Fire Protection District

Policy Manual

Policy Manual

Intermittent leave for any employee shall be tracked and calculated.

1040.4.7 PREGNANCY DISABILITY LEAVE

FMLA is separate and distinct from disability leave for pregnant employees. Pregnant employees may be entitled to a disability leave as provided in the Pregnancy Disability Leave Policy in addition to any FMLA/CFRA leave.

1040.4.8 LEAVE FOR VICTIMS OF CRIME OR ABUSE

Eligible employees may take leave if the employee is the victim of a crime, abuse, or sexual assault and needs leave for any of the purposes specified in Labor Code § 230.1. Reasonable advance notice of leave is required except in cases where notice is not feasible. Information relating to this leave shall be kept confidential to the extent permitted by law (Labor Code § 230.1).

The District shall provide written notice of the rights specified in this section to newly hired employees and upon request (Labor Code § 230.1).

1040.5 EMPLOYEE BENEFITS WHILE ON LEAVE

While on leave, employees will continue to be covered by any group health insurance to the same extent that coverage is provided while the employee is on the job (29 USC § 2614(c); 29 CFR 825.209). However, employees will not continue to be covered under non-health benefit plans.

Employees are responsible for any health plan employee contributions while on leave (29 CFR 825.210). Employee contribution rates are subject to any change in rates that occurs while the employee is on leave. If an employee fails to return to work after his/her leave entitlement has been exhausted or expires, the District may recover its share of health plan premiums for the entire leave period unless the employee does not return because of the continuation, recurrence, or onset of a serious health condition of the employee or his/her family member that would entitle the employee to leave, or because of circumstances beyond the employee's control (29 CFR 825.213). The District may recover premiums through deduction from any sums (e.g., unpaid wages, vacation pay).

Employees may not earn additional time off while on unpaid leave.

1040.6 SUBSTITUTION OF PAID ACCRUED LEAVES

Subject to applicable collective bargaining agreements and civil service rules, employees are required to exhaust all applicable paid leave before taking unpaid leave. Paid accrued leave includes vacation leave, sick leave, personal leave, and compensatory time earned in lieu of overtime, pursuant to the Fair Labor Standards Act, during FMLA and/or CFRA leave. Employees may not use paid accrued leave to extend FMLA/CFRA leave beyond 12 work weeks per year.

1040.6.1 USE OF SICK LEAVE

Employees are required to first exhaust paid sick leave concurrently with FMLA/CFRA leave if the leave is for the employee's own serious health condition.

Employees may choose to use paid sick leave concurrently with leave under this policy (Labor Code § 233):

Mosquito Fire Protection District

Policy Manual

Policy Manual

Family and Medical Leave

- To care for a family member (as defined by Labor Code § 245.5) with a serious health condition.

1040.7 USE OF FMLA/CFRA LEAVE

If an employee takes a leave of absence for any reason that is FMLA/CFRA-qualifying, the District may designate that non-FMLA/CFRA leave as running concurrently with the employee's 12-week FMLA/CFRA leave entitlement. The only exception is for Firefighters who are on workers' compensation leave pursuant to Labor Code § 4850.

1040.8 PROCEDURES

The following procedures will apply for all employees requesting leave under FMLA/CFRA:

- (a) When a leave is requested for a medical or other FMLA/CFRA-related treatment appointment, the employee must make a reasonable effort to schedule the appointment at a time that minimizes disruption to the district's operations (29 USC § 2612; 29 CFR 825.302).
- (b) An employee who wishes to take FMLA/CFRA must provide his/her supervisor with 30 days' advance notice when the leave is foreseeable or as soon as practicable if the need for leave is not foreseeable (29 USC § 2612; 29 CFR 825.302; 29 CFR 825.303).
- (c) At the time of the request, the employee must complete a FMLA/CFRA request form.

Requests for medical leave shall be accompanied by a qualified health care professional statement, including the date on which the serious health condition began and the estimated date of return to work (29 USC § 2613; 29 CFR 825.302).

Once the leave is requested or designated by the District, the supervisor should forward the request and any medical certifications to the Administration and ensure the employee is provided the necessary forms and FMLA/CFRA information within five days (29 CFR 825.300).

Employees are required to provide medical certification of a qualified health care professional or military documentation, if requested (29 CFR 825.305; 29 CFR 825.308; 29 CFR 825.309; 29 CFR 825.310).

Employees shall be required to periodically report on their status and intent to return to work (29 USC § 2614; 29 CFR 825.311). This may assist in avoiding a delay in reinstatement when the employee is ready to return to work.

Employees returning from a medical leave from the employee's own serious health condition will be required to present medical verification from a qualified health care professional of the employee's ability to return to work and a list of any restrictions that need to be accommodated (29 USC § 2614; 29 CFR 825.100; 29 CFR 825.312).

1040.9 REINSTATEMENT FOLLOWING LEAVE

Generally, employees returning from FMLA/CFRA within the qualified period will be restored to their original job or to an equivalent job with equivalent pay and benefits (but not seniority), unless

Mosquito Fire Protection District

Policy Manual

Policy Manual

the employee would not otherwise have been employed at the time reinstatement is requested (e.g., in the case of a layoff) (29 USC § 2614; 29 CFR 825.214; 29 CFR 825.216).

If the same position is no longer available, such as in a layoff, the employee will be entitled to a position that is comparable in pay, job content, and promotional opportunities and geographic location, if such a comparable position exists.

If upon return from leave an employee is unable to perform the essential functions of the job because of a physical or mental disability, the supervisor should work with the Administration or legal counsel to engage in an interactive process with the employee to identify a potential reasonable accommodation.

After exhausting paid FMLA/CFRA leave, non-paid leave will continue until the conclusion of the protected 12- or 26-week time limit. Following the protected leave, the Fire Chief, in consultation with the legal counsel or the Administration, will determine whether non-FMLA/CFRA leave should apply.

1040.10 RESPONSIBILITY

Supervisors should work with the Administration or legal counsel regarding questions relating to leave or reinstatement from leave under this policy. The Administration should advise the supervisor and inform members of their rights and responsibilities.

1040.11 RECORDS

The District will maintain leave-related records as required by 29 CFR 825.500 for at least three years and in compliance with the district's established records retention schedule.

Records and documents related to doctor certifications and other medical information created for purposes of complying with FMLA/CFRA and this policy shall be maintained as confidential medical records in separate files from employee personnel files.

1040.12 NOTICE TO EMPLOYEES

The Fire Chief should ensure that a notice explaining the FMLA's provisions and procedures is prominently posted in conspicuous places in the District where it can be readily seen by all employees and applicants for employment. Electronic posting is sufficient as long as the other posting requirements have been met as provided by 29 CFR 825.300 (29 CFR 825.300).

Driver's License Requirements

The purpose of this policy is to establish procedures to ensure that all Mosquito Fire Protection District members who drive as a part of their duties have and maintain required driver's licenses.

1043.2 POLICY

In order to promote driver safety, it is the policy of the Mosquito Fire Protection District that any member who is assigned duties that require them to drive district vehicles or equipment, or drive a privately owned vehicle while conducting district business, has and maintains driving privileges and licenses consistent with their duties.

1043.3 REQUIREMENTS

Any member who is assigned duties that require them to drive district vehicles, or equipment shall be required to obtain and maintain a valid driver's license and complete and sign a Department of Motor Vehicles (DMV) Authorization to Release Driver Record (Form INF 1101) (Vehicle Code § 12500(a); Vehicle Code § 12500(d)).

The Fire Chief or his designee, will ensure that the Government Employer Pull Notice Form (INF 1103) to enroll the member in the DMV Employer Pull Notice (EPN) Program are submitted to the DMV.

Enrollment in the EPN program will result in the DMV generating a driver license report for the District for each member annually and any time one of the following occurs:

- Conviction
- Failure to appear
- Collision
- Driver license suspension or revocation
- Any other action taken against the driving privilege
- Expiration of medical certification for a commercial driver license

Any member who is assigned duties that require them to operate firefighting equipment, including a tiller operator, is also required to obtain and maintain a Class A or B license appropriate for the size and configuration of the firefighting equipment or a firefighter endorsement issued by the DMV in addition to obtaining and maintaining a class C license, a restricted class A license, or a non-commercial class B license (Vehicle Code § 12804.11). A valid Class C license is acceptable to operate District utility vehicles and Patrol/Type 6 engines.

1043.3.1 REVIEW OF RECORDS

The Fire Chief or his designee, shall monitor the driving records of all members who are assigned duties that require driving while conducting district business, to confirm each driver has a valid driver's license and to monitor driving records for potential problem behavior.

Driver's License Requirements

The Fire Chief, will review the driver license reports as part of the hiring process and any time an incident occurs that affects a member's eligibility to drive.

When a member leaves employment, the Fire Chief shall complete and submit to the DMV the appropriate form to delete the member from the EPN program.

1043.3.2 NEW EMPLOYEES

Prospective member driving records shall be evaluated to confirm that the applicant has a valid driver license and to review the type and number of traffic violations and collisions on the record.

At the time of hire, a new member whose duties require driving a vehicle while conducting district business shall be required to present a valid driver's license.

1043.3.3 CURRENT EMPLOYEES

Driving records of existing members shall be evaluated to confirm that the member has a valid driver's license and to review any traffic violations and collisions.

Any member who drives a district vehicle while conducting district business must immediately notify the Fire Chief of any suspension, revocation or other change in the status of the driver's license. Any violation of this procedure may result in disciplinary action, up to and including termination.

Any member who does not possess a valid license shall not drive any vehicle while conducting district business.

If a member's driver's license is suspended, revoked or becomes invalid, the District may, at its discretion, take any combination of the following actions:

- (a) Assign a member to duties which do not require driving, for up to 60 calendar days from the date of the DMV report, to allow the member an opportunity to seek the reinstatement of his/her driver's license, provided:
 - 1. The member can still perform the majority of his/her job duties.
 - 2. There is minimal impact on the district work output.
- (b) Place a member on leave without pay for up to a maximum of six months from the date of the DMV report pending license reinstatement, or up to a maximum of four months if the member has already been assigned to non-driving duties for 60 calendar days.

Any member who is unable to obtain reinstatement of their driver's license may be subject to disciplinary action, up to and including termination.

Member Speech, Expression and Social Networking

1045.1 PURPOSE AND SCOPE

This policy is intended to address issues associated with member use of social networking sites and to provide guidelines for the regulation and balancing of member speech and expression with the needs of the District.

Nothing in this policy is intended to prohibit or infringe upon any communication, speech or expression that is protected or privileged under law. This includes speech and expression protected under state or federal constitutions as well as labor or other applicable laws. For example, this policy does not limit an employee from speaking as a private citizen, including acting as an authorized member of a recognized bargaining unit, about matters of public concern, such as misconduct or corruption.

Members are encouraged to consult with their supervisor regarding any questions arising from the application or potential application of this policy.

1045.1.1 DEFINITIONS

Member - A member of the Mosquito Fire Protection District is defined as any employee or volunteer of the District.

Volunteer - This includes firefighting and non-firefighting volunteers

1045.1.2 APPLICABILITY

This policy applies to all forms of communication including, but not limited to, film, video, print media, public or private speech, use of all Internet services, including the World Wide Web, email, file transfer, remote computer access, news services, social networking, social media, instant messaging, blogs, forums, video and other file-sharing sites.

1045.2 POLICY

Public employees occupy a trusted position in the community, and thus, their statements have the potential to contravene the policies and performance of this district. Due to the nature of the work and influence associated with the fire profession, it is necessary that members of this district be subject to certain reasonable limitations on their speech and expression. To achieve its mission and efficiently provide service to the public, the Mosquito Fire Protection District will carefully balance the individual member's rights against the district's needs and interests when exercising a reasonable degree of control over its members' speech and expression.

1045.3 SAFETY

Members should consider carefully the implications of their speech or any other form of expression when using the Internet. Speech and expression that may negatively affect the safety of the Mosquito Fire Protection District members, such as posting personal information in a public forum, can result in compromising a member's home address or family ties. Members should therefore not

- Disclosing the address of a fellow District member.
- Otherwise disclosing where another District member can be located off-duty.

1045.4 PROHIBITED SPEECH, EXPRESSION AND CONDUCT

- (g) Posting, transmitting or disseminating any photographs, video or audio recordings, likenesses or images of district logos, emblems, uniforms, badges, patches, marked vehicles, equipment or other material that specifically identifies the Mosquito Fire

1045.4.1 UNAUTHORIZED ENDORSEMENTS AND ADVERTISEMENTS

While members are not restricted from engaging in the following activities as private citizens or as authorized members of a recognized bargaining unit, members may not represent the Mosquito Fire Protection District or identify themselves in any way that could be reasonably perceived as representing the Mosquito Fire Protection District in order to do any of the following, unless specifically authorized by the Fire Chief (Government Code § 3206; Government Code § 3252):

Members retain their right to vote as they choose, to support candidates of their choice and to express their opinions as private citizens, including as authorized members of a recognized bargaining unit, on political subjects and candidates at all times while off-duty. However, members may not use their official authority or influence to interfere with or affect the result of an election or a nomination for office. Members are also prohibited from directly or indirectly using their official authority to coerce, command or advise another member to pay, lend or contribute anything of value to a party, committee, organization, agency or person for political purposes (5 USC § 1502).

Members forfeit any expectation of privacy with regard to emails, texts, or anything published, shared, transmitted, or maintained through file-sharing software or any Internet site that is accessed, transmitted, received, or reviewed on any district technology system (see the Information Technology Use Policy for additional guidance).

The District shall not require a member to disclose a personal username or password for accessing personal social media, or open a personal social website; however, the District may request access when it is reasonably believed to be relevant to the investigation of allegations of work-related misconduct (Labor Code § 980).

1045.6 CONSIDERATIONS

In determining whether to grant authorization of any speech or conduct that is prohibited under this policy, the factors that the Fire Chief or the authorized designee should consider include:

- (b) Whether the speech or conduct would be contrary to the good order of the District or the efficiency or morale of its members.
- (c) Whether the speech or conduct would reflect unfavorably upon the District.
- (d) Whether the speech or conduct would negatively affect the member's appearance of impartiality in the performance of his/her duties.

1045.7 TRAINING

Subject to available resources, the District should provide training regarding the limitations on speech, expression, and the use of social networking to all members and supervisors.

Sick Leave

1047.1 PURPOSE AND SCOPE

This policy provides general guidance regarding the use and processing of sick leave. Additional terms for the use of sick leave for eligible employees may be covered in the District personnel manual, employee handbook, or applicable collective bargaining agreement.

This policy is not intended to cover all types of sick or other leaves. For example, employees may be entitled to additional paid or unpaid leave for certain family and medical reasons as addressed in the Family and Medical Leave Policy.

1047.2 POLICY

It is the policy of the Mosquito Fire Protection District to provide eligible employees with a sick-leave benefit.

1047.3 USE OF SICK LEAVE

Sick leave is intended to be used for qualified absences. Sick leave is not considered vacation. Abuse of sick leave may result in discipline, denial of sick-leave benefits, or both.

Employees on sick leave shall not engage in other employment or self-employment or participate in any sport, hobby, recreational activity, or other activity that may impede recovery from the injury or illness (see the Outside Employment Policy).

Qualified appointments should be scheduled during a member's non-working hours when it is reasonable to do so.

1047.3.1 NOTIFICATION

All members should notify the Fire Chief or appropriate supervisor as soon as they are aware that they will not be able to report to work and no less than one hour before the start of their scheduled shifts. If, due to an emergency, a member is unable to contact the supervisor, every effort should be made to have a representative for the member contact the supervisor (Labor Code § 246).

When the necessity to be absent from work is foreseeable, such as planned medical appointments or treatments, the member shall, whenever possible and practicable, provide the District with no less than 30 days' notice of the impending absence (Labor Code § 246).

Upon return to work, members are responsible for ensuring their time off was appropriately accounted for, and for completing and submitting the required documentation describing the type of time off used and the specific amount of time taken.

1047.4 EXTENDED ABSENCE

Members absent from duty for more than three consecutive days may be required to furnish a statement from a health care provider supporting the need to be absent and/or the ability to return to work. Members on an extended absence shall, if possible, contact their supervisor at specified intervals to provide an update on their absence and expected date of return.

Nothing in this section precludes a supervisor from requiring, with cause, a health care provider's statement for an absence of three or fewer days after the first three days of paid sick leave are used in a 12-month period.

1047.5 SUPERVISOR RESPONSIBILITIES

The responsibilities of supervisors include but are not limited to:

- (a) Monitoring and regularly reviewing the attendance of those under their command to ensure that the use of sick leave and absences is consistent with this policy.
- (b) Attempting to determine whether an absence of four or more days may qualify as family medical leave and consulting with legal counsel or the Administration as appropriate.
- (c) Addressing absences and sick leave use in the member's performance evaluation when excessive or unusual use has:
 - 1. Negatively affected the member's performance or ability to complete assigned duties.
 - 2. Negatively affected district operations.
- (d) When appropriate, counseling members regarding excessive absences and/or inappropriate use of sick leave.
- (e) Referring eligible members to an available employee assistance program when appropriate.

1047.6 PAID SICK LEAVE ACCRUAL

Sick leave shall be accrued as described in Labor Code § 246. Sick leave shall be capped at 40 hours with no pay-out upon leaving employment. Employees should contact the Fire Chief with questions regarding accrual of time (Labor Code § 246).

The Fire Chief shall ensure:

- (a) Written notice of the amount of paid sick leave available is provided to employees as provided in Labor Code § 246.
- (b) A poster containing information on paid sick leave as provided in Labor Code § 247 is displayed in a conspicuous place for employees to review.

After that month, the District is no longer bound to make contributions to any employee benefits. The Employee's full compensation and benefits will be reinstated upon their return to work.

1048.7 HOLIDAY LEAVE

Actions taken under this Section shall comply with the Firefighter Procedural Bill of Rights Act (**FFPBOR**), Government Code, Title 1, Division 4, Chapter 9.6. Firefighters [3250-3262]

1049.2 DEFINITIONS

1. Disciplinary Action is considered any action affecting the compensation of the employee. These actions include but are not limited to termination, demotion and suspension without pay. Evaluations, reprimands, job assignments and suspension with pay are not subject to these disciplinary actions or the appeals procedure.
2. Volunteers - District volunteers provide their services without expectation of remuneration or compensation. Accordingly, a District volunteer is not considered a paid employee of the District and therefore the provisions of this policy do not apply. Volunteer disciplinary issues are resolved under Policy 1050 Disciplinary Procedures - Volunteer

1049.3 PROBATIONARY PERIOD

All paid employees of the District shall serve a one-year probationary period beginning from the date of hire. Employees who have been employed in excess of one year by the District and are promoted to a new position will also serve a one year probationary period in that new position.

During the probationary period, the employee may be relieved from their new position without cause and returned to the position they held prior to their promotion at the discretion of the District.

The District may terminate probationary employees without cause and without implementing the other disciplinary and appeal procedures contained in this policy.

1049.4 PERMANENT EMPLOYEES

Upon successful completion of the probationary period, the employee's position becomes "Permanent" and may be subject to disciplinary action utilizing the following procedures.

1049.5 DISCIPLINARY PROCEDURE

1. The District must provide the employee with a written notice of intent to discipline within one (1) year of discovery of the act, omission, or misconduct unless an exception in the FFPBOR applies. The notice will outline the specific policies, regulations, ordinance or any State or Federal law that the employee is alleged to have violated and include the District's contemplated action. The notice will also contain copies of all evidentiary materials pertaining to the violations, including but not limited to: audio/video recordings, reports, memorandums, transcripts, witness statements or any evidence relied upon by the District in preparing the notice of intent to discipline.

Disciplinary Procedures - Employee

2. Within ten (10) days of being served with the formal notice of intent to discipline, the employee may submit a notice to request a pre-disciplinary or Skelly Hearing. Failure by the employee to submit said request within the time period prescribed shall constitute a waiver of the employee's right to a pre-disciplinary hearing unless otherwise agreed upon by all parties. All requirements of time in this section are subject to modification or waiver by mutual consent of the parties. All waivers shall be in writing.
3. If the employee waives their right to a pre-disciplinary hearing, the Chief or his designee will serve upon the employee a formal written notice of disciplinary action within 30 days of the notice of intent, but not less than 48 hours prior to imposing discipline.
4. Pre-Disciplinary Hearing
 - (a) Within ten working days of service of the notice of intent to discipline, the employee may schedule a pre-disciplinary or "Skelly Hearing" before the Chief or the Chief' designee. The employee has the right to be represented by an attorney, labor representative or other representative of their choosing in all stages of the disciplinary process. The cost of any such representation shall be borne by the employee.
 - (b) Due to the District's small size and the importance of objectivity and fairness to the employee, the Chief may elect to designate an officer from another fire district to oversee the pre-disciplinary hearing in place of the Chief. This decision is at the sole discretion of the Chief.
 - (c) Within 30 days from the conclusion of the pre-disciplinary hearing but not less than 48 hours prior to imposing the discipline, the Chief or his designee will serve upon the employee a formal written notice of disciplinary action.

1049.6 APPEAL PROCEDURE FOR FIREFIGHTERS

All references below to "employee" mean a "firefighter" as defined by FFPBOR. A firefighter may appeal a formal written notice of disciplinary action as follows:

1. Within ten (10) days of being served with the formal notice of disciplinary action, the employee may submit a notice of appeal to the Chief or the Chief' designee. Failure by the employee to submit a notice of appeal within the time period prescribed shall constitute a waiver of the employee's right to an administrative appeal, unless otherwise agreed upon by all parties. All requirements of time in this section are subject to modification or waiver by mutual consent of the parties. All waivers shall be in writing.
2. Upon receipt of the employee's notice of appeal,, the Chief or Chief's designee and the employee shall, within 30 days, select a mutually agreeable arbitrator. In the event the parties are unable to agree, the parties shall request a list of seven (7) arbitrators from the California State Mediation and Conciliation Service. The parties shall alternate striking names from the list until only one arbitrator remains. The remaining arbitrator shall hear the appeal.

3. The District has the burden of proving by a preponderance of evidence that the facts support the charges against the employee and the penalty is appropriate under the circumstances.
4. Formal rules of evidence shall not apply. However, the arbitrator shall use their discretion to limit evidence based on reliability and relevancy.
5. Discovery shall be permitted according to Government Code section 11507.6
6. The hearing shall be scheduled and conducted at the earliest possible date taking into account all parties' schedules and each parties' requisite need or preparation and discovery.

Disciplinary Procedures - Volunteer

1050.1 PURPOSE

To define the disciplinary procedure and conditions under which a District Volunteer can be removed from the active volunteer roster of the Mosquito Fire Protection District ("District").

1050.2 GENERAL

Volunteer Firefighters and Support Group members provide their services without expectation of remuneration or compensation but must still adhere to the same Firefighter Code of Conduct Policy as all firefighting staff.

1050.3 CONDITIONS FOR REMOVAL

A Volunteer can be removed from the District's active volunteer roster at any time for any reason that is not otherwise prohibited by law. Accordingly, any act, omission, or misconduct that could warrant more than a verbal reprimand will generally result in the Volunteer's removal from the active volunteer roster. Removal from the volunteer roster will generally be due to a violation of policy 1050.3 or any one of the violations, but is not limited to these grounds for removal:

1. **Conduct** – Violating any of the items specified in the District's Code and Conduct Policy.
2. **Protocols** - Repeated failure to adhere to recognized and reasonable firefighting tactics or Support Group protocols during an incident.
3. **Safety** - Repeated failure to adhere to safety standards or wear protective clothing during an incident or training.
4. **Direction** - Failure to obey lawful orders given by the Chief or Incident Commander (if at an emergency incident)
5. **Impairment** - Responding to an incident while impaired by alcohol or drugs or with the smell of alcohol on the breath or about the person. The volunteer will follow the requirements set forth in the District's Drug and Alcohol Policy.
6. **Training** - Failing to attend 6 consecutive scheduled training sessions or half of the scheduled training sessions in a twelve (12) month period. The Chief may excuse training absences due to sickness, personal reasons, or individual working schedules.
7. **Incapacity** - Inability of a volunteer to perform their duties due to long term illness or debilitating injury, may be cause for temporary removal from the active volunteer roster. Under these circumstances, a volunteer may then be permanently removed from the roster if it is determined that the illness or injury will permanently prevent the volunteer from resuming their duties. In the case of injury or illness the volunteer will follow the requirements set forth in the Attendance and Reporting Illness or Injury Policy.

1050.4 REMOVAL PROCESS

The Chief shall conduct an inquiry of his/her own discretion to determine if a volunteer should be removed from the District's active volunteer roster. At the conclusion of the inquiry, the Chief will issue a written finding to the volunteer and will take action accordingly.

1050.5 APPEAL PROCESS

A volunteer who has been removed from the roster has the right to appeal to the District Board of Directors. Within ten (10) days of receiving the Chief's written finding, the Volunteer may initiate the appeal process by filing a written letter to the Clerk of the Board, requesting that the appeal be placed on the agenda for the next regularly scheduled or special Board of Directors meeting within thirty (30) days. The Board will consider the appeal from the volunteer in "closed" session where the Volunteer shall be permitted to address the Board. The Board or the Board's designee shall inform the Volunteer of the Board's decision within five (5) days of the closed session meeting.. The decision by the Board is final.

Attendance and Reporting Illness or Injury

1051.1 PURPOSE

To promote a safe and healthy work environment through a collaborative effort of all members. Due to the nature of the activities associated with emergency services, it is important members make every effort to stay fit and the District actively supports that effort. In the event that an injury or illness does occur, this policy sets forth the member's responsibilities and the District's expectations.

1051.2 SAFE WORKPLACE

The Mosquito Fire Protection District (MFPD) has taken precautions, implemented policy, rules and regulations and training in an effort to provide as safe a working environment as possible. It is incumbent that members actively participate in identifying hazards, following safety precautions and reporting unsafe conditions or practices to the Chief (or a Board Member in the Chief's absence). They are also encouraged to take action and rectify hazardous or unsafe conditions, if they are able, as soon as reasonable. The Chief, upon being informed of a hazard or unsafe condition, is expected to initiate corrective action as appropriate.

1051.3 REQUIREMENTS OF DUTY

Members shall report for duty physically and mentally fit to perform their duties. They shall be properly equipped and cognizant of information required for the proper performance of duty.

All members must meet the requirements of their positions which include (but is not limited to) ensuring that established work schedules are fulfilled. The shift schedule shall be produced by the Chief one month in advance, with input by eligible members of their availability to cover stipend shifts. Each member shall then verify and commit to the schedule in writing, directly to the Chief. ,

Members are subject to Emergency Recall, or Mandatory Holdover in situations of extreme emergency. This includes Strike/Task Force Team deployment or any other event that directly impacts emergency operations in the Fire District. With the exception of volunteers, employed members understand that Emergency Recall and/or Mandatory Holdover supersedes all external secondary employment positions. Volunteer members are encouraged to make a 'best effort' to likewise comply with Recall/Holdover orders if possible. That failure to comply with Emergency Recall, or Mandatory Holdover may subject the member to disciplinary actions, in accordance to the SB220, Firefighter Bill of Rights

1051.4 REPORTING INABILITY TO WORK

Members will not be absent from duty without proper permission or leave, except when unable to report for duty at the assigned time due to sickness or injury. An anticipated absence or tardiness is to be reported to the Chief as soon as circumstances permit, prior to the assigned duty start time. The provisions of the Compensation and Benefits Policy (Policy 1048) shall apply.

2. All paid members receiving monetary compensation from the District shall submit a single timecard covering each 2 week pay period as designated by the County.
3. The timecard document shall be considered a Fiscal Document and retained in district files according to the Records Retention Policy (Policy 804).
4. Members shall prepare their own timecard to report hours worked or leave taken and submit them for approval on or before the last day of the pay period. To meet payroll requirements, the Chief (or designee) may prepare a timecard for a member who, due to unexpected absence, was unable to complete their own timecard.
5. Whenever it is known in advance that leave will be taken, members shall complete the required time card entries prior to leaving work on their last regular duty day.

1051.6 WORK-RELATED INJURIES

District related work injuries represent a significant impact on the member, their family, their coworkers and the District. It is important that the member reports and documents the injury, receives prompt and appropriate medical care (when needed) and understands the District's expectations when they are absent due to a work-related injury.

1. **Minor Injury:** A member is required to report even a minor work related injury that does not require immediate medical treatment at a medical facility and does not result in any time off work, and shall document the injury by a memo to the Chief. The memo shall include the date/time/nature of the injury AND a description of how the injury occurred.
2. **Serious Injury:** A member who suffers a serious injury which requires immediate medical treatment and/or results in work time off, shall document the injury utilizing the District's Workers Compensation claim form which may be obtained from Administration.
 - (a) The member will seek medical treatment at their personal care provider's office when appropriate or closest "Rapid Care" type facility or hospital as needed dependent upon the type of injury and time of day.
 - (b) While a member is off work and receiving Workers Compensation benefits, they shall be available for and go to all scheduled medical appointments, maintain positive and frequent contact with their doctor, the Workers Compensation Adjuster if one is assigned to their claim and the Chief in an effort to facilitate prompt and appropriate care.

1051.7 NON-WORK-RELATED INJURIES

A member must notify their supervisor of their inability to work due to non-work-related injury at or before the start of their regular shift. This will be done by a phone call but if that's not practical or possible, an email will satisfy this responsibility.

1. A member off work because of a non-work-related injury or illness for a period that exceeds 1 work week, shall, as soon as practical, initiate a meeting with the Chief (or designee) to discuss their condition and expected return to work date. This is necessary to permit the District to plan future staffing needs.
2. Compensation for the member during a non-work-related illness or injury absence is specified in the Compensation and Benefits Policy (Policy 1048)

1051.8 RETURN TO DUTY

Before returning to full duty, a member off work for a period exceeding 1 work week because of an injury or illness, either work-related or non-work-related, shall provide the District with a statement from a medical doctor specifically stating that the employee is able to perform the duties listed in the job description for that member and is fit to return to duty.

Firefighter Code of Ethics.pdf

FIREFIGHTER CODE OF ETHICS

Background

The Fire Service is a noble calling, one which is founded on mutual respect and trust between firefighters and the citizens they serve. To ensure the continuing integrity of the Fire Service, the highest standards of ethical conduct must be maintained at all times.

Developed in response to the publication of the [Fire Service Reputation Management White Paper](#), the purpose of this National Firefighter Code of Ethics is to establish criteria that encourages fire service personnel to promote a culture of ethical integrity and high standards of professionalism in our field. The broad scope of this recommended Code of Ethics is intended to mitigate and negate situations that may result in embarrassment and waning of public support for what has historically been a highly respected profession.

Ethics comes from the Greek word *ethos*, meaning character. Character is not necessarily defined by how a person behaves when conditions are optimal and life is good. It is easy to take the high road when the path is paved and obstacles are few or non-existent. Character is also defined by decisions made under pressure, when no one is looking, when the road contains land mines, and the way is obscured. As members of the Fire Service, we share a responsibility to project an ethical character of professionalism, integrity, compassion, loyalty and honesty in all that we do, all of the time.

We need to accept this ethics challenge and be truly willing to maintain a culture that is consistent with the expectations outlined in this document. By doing so, we can create a legacy that validates and sustains the distinguished Fire Service institution, and at the same time ensure that we leave the Fire Service in better condition than when we arrived.

FIREFIGHTER CODE OF ETHICS

I understand that I have the responsibility to conduct myself in a manner that reflects proper ethical behavior and integrity. In so doing, I will help foster a continuing positive public perception of the fire service. Therefore, I pledge the following...

- Always conduct myself, on and off duty, in a manner that reflects positively on myself, my department and the fire service in general.
- Accept responsibility for my actions and for the consequences of my actions.
- Support the concept of fairness and the value of diverse thoughts and opinions.
- Avoid situations that would adversely affect the credibility or public perception of the fire service profession.
- Be truthful and honest at all times and report instances of cheating or other dishonest acts that compromise the integrity of the fire service.
- Conduct my personal affairs in a manner that does not improperly influence the performance of my duties, or bring discredit to my organization.
- Be respectful and conscious of each member's safety and welfare.
- Recognize that I serve in a position of public trust that requires stewardship in the honest and efficient use of publicly owned resources, including uniforms, facilities, vehicles and equipment and that these are protected from misuse and theft.
- Exercise professionalism, competence, respect and loyalty in the performance of my duties and use information, confidential or otherwise, gained by virtue of my position, only to benefit those I am entrusted to serve.
- Avoid financial investments, outside employment, outside business interests or activities that conflict with or are enhanced by my official position or have the potential to create the perception of impropriety.
- Never propose or accept personal rewards, special privileges, benefits, advancement, honors or gifts that may create a conflict of interest, or the appearance thereof.
- Never engage in activities involving alcohol or other substance use or abuse that can impair my mental state or the performance of my duties and compromise safety.
- Never discriminate on the basis of race, religion, color, creed, age, marital status, national origin, ancestry, gender, sexual preference, medical condition or handicap.
- Never harass, intimidate or threaten fellow members of the service or the public and stop or report the actions of other firefighters who engage in such behaviors.
- Responsibly use social networking, electronic communications, or other media technology opportunities in a manner that does not discredit, dishonor or embarrass my organization, the fire service and the public. I also understand that failure to resolve or report inappropriate use of this media equates to condoning this behavior.
