Agenda Item Issue Paper

Meeting Date: October 22, 2026

Title: Issue Paper – Information Need

Author: William Buhnerkempe

Discussion Item ☐ or **Action Item** ☒

After being delayed and blocked from receiving information about last years expenditures, I filed a **Public Information Request** on September 4th 2026, to gain access to information that in Prior years as part of the Finance Committee, I was regularly able to get, to be able to understand where the department had spent money, and on what they had spent it upon.

On September 11, 2026 I **PAUSED** my request for immediate information that I had requested on the promise that information pieces were to be forth coming as the Volunteer in the position was able to provide it in their limited hours at the station.

For the last month little pieces of information were shared regarding the Financials of the Department.

On October 13, 2026, after requesting the EDCATs for September 2026 (*A County Report detailing information about what the department spent in September*), and submitting a request yet again to get the information about what was spent in June and by who. Chief Bellerive appears to be directing Admin75 to ignore or interfere with me receiving this information.

If nothing was done wrong, then let me get the information so I can assure the Public.

Recommendations

1. **Direct the Chief to stop interfering with me getting the information.**
2. **IF not the above, then please take official NOTE of my pulling of my “Pause” on my Public Information Request.**
 - a. **If as in the Past if Linnea is going to demand to go to the Attorney to see if a Board Member has a Right to file a Public Information Request. Then please handle that as well so this matter can be delt with before the new Board is Seated.**

A 2 page listing of June 2026 expenses from the June 2026 EDCATS attached.

(The attachment is also included in this message.)

Copy of E-Mail received from Chief to Admin75 and myself.

The Response from Chief Bellerive when Admin75 said they were going to look through my request.

In my opinion this e-mail is telling Admin 75 they do not need to answer my request since they are Volunteering, and that My Requests are Superfluous and Time Consuming. The e-mail also implies that these e-mails are "more and more", not a continuation of the original request.

The only 'new request' per say is that for the newest EDCAT report from the County that usually comes out on about the 12th of the month.

Agenda Item Issue Paper

Meeting Date: October 22, 2026

Title: Station &75 Exterior Painting

Author: Trent Williams

Discussion Item ☐ or **Action Item** ☒

Summary:

The Mosquito Volunteer Fire Association (MVFA) is interested in funding the trim repair and exterior painting of Station 75. They are requesting MFPD Board approval to obtain quotes for this project work. As a 501(c)(3) organization, they are unable to provide direct funding to the MFPD budget for this work. If approved, this would be an in kind donation to the department.

Recommendations:

- 1. Approve MVFA to obtain quotes for the repair and painting of the exterior of Station 75.**
- 2. MFPD Board to provide the necessary documentation to support the proper acceptance of this donation.**
